My dear Prior Alphonsus,

The days of visitation in Momence are behind me. My heart is full of love and touching memories.

Thank you for the fraternal time that I spent with you and the brothers. I certainly had a great time.

You are now receiving the official translated report from the Visitation with the mentioned attachments.

Should you or any of the Brothers have any questions, please do not hesitate to contact me.

Once again, I thank you for the great hospitality and fraternal sharing.

I enjoyed my visit with all of you very much.

Of course, I await my invitation to the House Blessing of your new home.

Fraternally,
